

JEFF MCNEILL

RED SPRINGS, NC - AUGUST 2010

I joined Celebrating Home so I could get a Bean Pot. Once I received it, I then fell in love with the stoneware...the wall decor...the candles...I became my own best Customer! As people came by and saw and liked the product is when I decided to have my first In-home Party. The Party retail sales were at around \$600.00!

My February and March of this year were good months and April was even better. My wife and I started looking for another vehicle, which we didn't need but just wanted. I knew I could use it for moving my merchandise from house to house and that she would then have a more dependable and gas affordable way to get to her work. We purchased our brand-new HHR on Monday, May 3rd!

This is the first new vehicle that my wife and I have ever had. We have always bought used vehicles – new to us, but “used” first by someone else! My dream now is to have my Celebrating Home business pay off this vehicle in two to three years and to continue to pay off our debt. I want our mortgage paid off in six years instead of the 12 we have left on it. My dream is to have no bills other than utilities, college and groceries to cover.

My dream is for all my family to be able to come to our house and sit down and enjoy each other while they look at our Celebrating Home product and say, “Thanks, Jeff, for helping us decorate our homes.” My dream is to have no more worries about bills or money...My dream is peace, love and laughter... allowing the Grace of God to fill our lives and to allow us to spread the love.

There is so much involved with my dream but financial security and the love of my family and seeing all of my children become successful – that's the big picture and dream. Thanks for allowing me to be part of Celebrating Home!
